

**OzCHI 2013**

**Augmentation • Application • Innovation • Collaboration**

Flinders University, Adelaide, Australia

**25 - 29 November 2013**

## Call for Papers

### IMPORTANT DATES

**Monday, 24 June 2012:**

Submission of Long papers/Workshop proposals/Tutorial proposals

**Monday, 2 September 2013:**

Submission of Short papers/Doctorial Consortium applications

**Monday, 30 September 2013:**

Submission of Interactive posters/Flash talks/Industry track proposals

OzCHI is Australia's leading forum for work in all areas of Computer-Human Interaction. It attracts an international community of practitioners, researchers, academics and students from a wide range of disciplines including user experience designers, information architects, software engineers, human factors experts, information systems analysts, social scientists and managers. The conference also welcomes perspectives from design, architecture, engineering, planning, social science and creative industries among other disciplines.

OzCHI is the annual conference of the Computer-Human Interaction Special Interest Group (CHISIG) of the Human Factors and Ergonomic Society of Australia (HFESA). OzCHI is held "in cooperation" with the ACM and accepted papers will be lodged with the ACM Digital Library. Selected papers may also be considered for extension and further publication in a journal special issue.

### CONFERENCE THEME

The conference theme, "*Augmentation, Application, Innovation, Collaboration*", reflects a variety of technical and social challenges in designing and deploying human-centred computer applications through augmenting our daily lives with innovative interaction and collaboration technologies. We are interested in contributions on all topics related to Human-Computer Interaction including practical, technical, methodological, empirical and theoretical aspects.

### CONFERENCE VENUE

The conference will be held at Flinders University's Victoria Square campus in the heart of Adelaide CBD. Adelaide has all the hallmarks of a major urban centre with modern and classical architecture, a bustling retail hub and a multi-cultural population. Adelaide is noted for its many festivals and sporting events, its food, wine and culture, and its long beachfronts.
